

## DO YOU HAVE UNITED HEALTHCARE INSURANCE?

Dear Spiece Member,

Spiece Fitness has partnered with United Healthcare in order to offer members the opportunity to earn a \$20 per month reimbursement from United Healthcare just for working out! If you carry United Healthcare insurance provided by a small business with 2 to 99 employees, you may qualify for the United Healthcare Wellness Fitness Reimbursement Program. To see if you qualify and/or to get registered for the program, contact the United Healthcare Wellness Fitness Reimbursement Program call center at (888) 294-1141. For the most efficient service, have your insurance out when you call and it is also helpful to be online at a computer so they can walk you through the step by step registration process. While registering, you will be prompted to do a zip code search of area partnered fitness facilities. You will choose "Spiece Fitness" of course! Once registered online, you will be given an activation letter. It is very important to print off this letter and submit it here at Spiece Fitness so we can complete your registration for the reimbursement program. Upon submitting your activation letter, be prepared to provide a bank routing number and account number (checking or savings) in which the \$20 reimbursements will be submitted by United Healthcare. Reimbursements are only given by EFT's. You must check into Spiece Fitness at the front desk with your proper membership barcode 12 or more times a month to qualify for the monthly reimbursements. If you have registered with us for the United Healthcare Wellness Fitness Reimbursement Program, Spiece Fitness will submit your monthly check ins to United Healthcare.

Please feel free to contact me with any questions about this program.

Sincerely,

Mandy Keller  
Membership Director & Accountant  
Human Resources Coordinator
